AN EXCEPTIONAL CHOICE

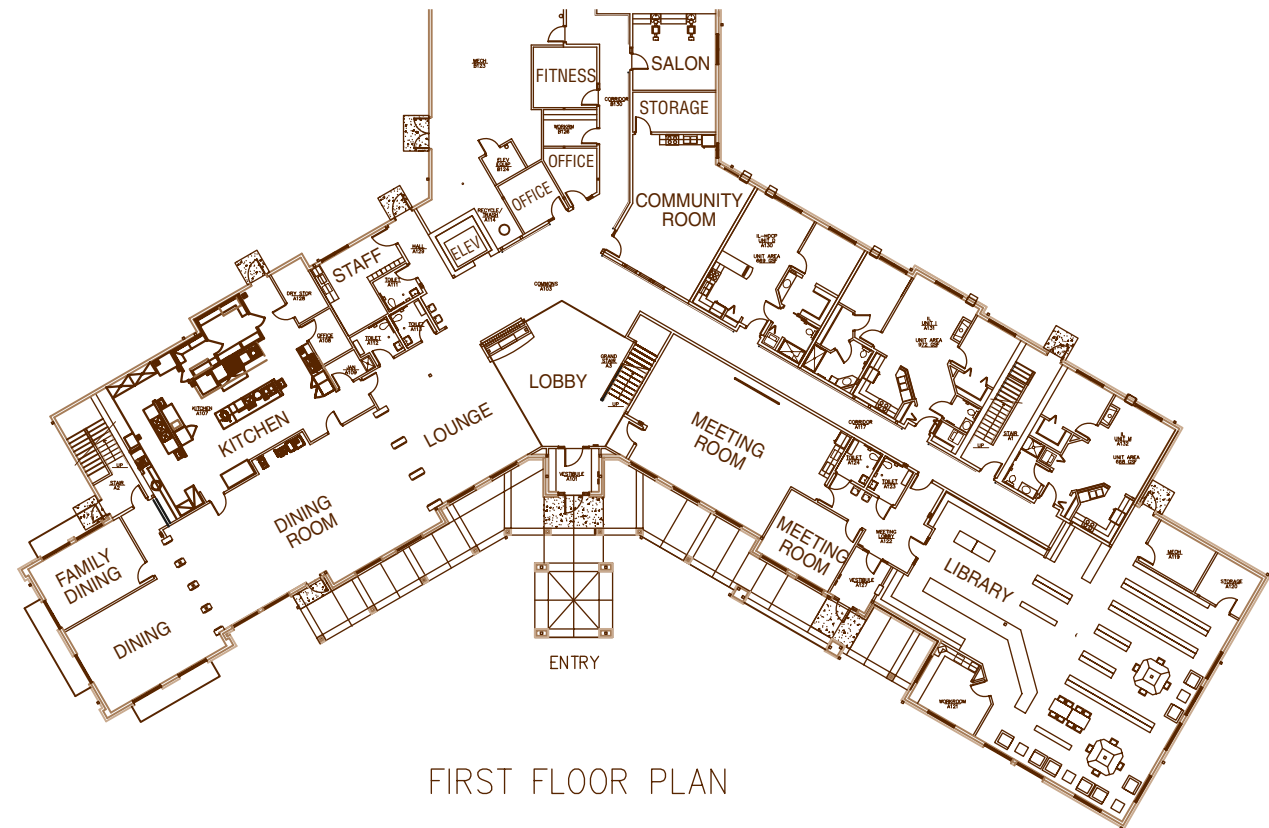

Welcome to The Villages of Lonsdale, a senior living environment created to help mature adults stay independent as long as possible in a place where life can be lived to the fullest. Our campus is designed to assist our residents in maintaining their dignity in a safe and secure environment and in a place where day-to-day life is more manageable.

The Villages of Lonsdale consists of three senior housing options; Independent Apartments, Assisted Living Apartments and Memory Care Suites. The 17 Independent Apartments are available in one and two bedroom units with a choice of five layout options. The 25 Assisted Living Apartments are also available in one and two bedroom units with the choice of six floor plans. The Memory Care Suites consist of 14 memory care suites in a self-contained, secure family atmosphere.

Our warm and inviting facility is managed by Three Links of Northfield. Three Links upholds a long tradition of providing quality care to the senior population in Northfield and surrounding communities. Their excellent healthcare staff looks forward to accommodating resident needs and facilitating individual choices. In addition, Villages of Lonsdale residents receive priority status at Three Links Care Center if skilled nursing care is needed.

Life at The Villages of Lonsdale is designed to support an independent lifestyle with fewer homeowner responsibilities. Available amenities include: 24 hour staffing, meals, all utilities except telephone, housekeeping, laundry and planned activities. Unique to this project is a municipal library for the community of Lonsdale and a guest apartment for visiting family and friends.

We look forward to being your “new” home; a place where you will be surrounded by people that embrace your well being.
