RE: COVID-19 Update – Care Center

Dear Family and Friends of Three Links,

Our top priority is to keep our residents and staff safe, healthy and informed. We appreciate your support and patience throughout the COVID-19 pandemic. To keep you informed, we wanted to provide you with the following updates.

Following a resident, who was out of the building, tested positive for COVID-19 on Aug. 4 and an employee testing positive for COVID-19 on August 13, we implemented COVID-19 testing available for all Care Center residents and staff.

Resident Testing for COVID-19

| Date of Test | Number of residents tested | Number of residents testing positive for COVID-19 |
|--------------|----------------------------|---|
| Aug. 5 & 6 | 86 | 0 |
| Aug. 20 | 82 | 0 |

Care Center Employee Testing for COVID-19

| Date of Test | Number of employees tested | Number of employees testing positive for COVID-19 |
|-------------------|----------------------------|---|
| Aug. 17 & 18 | 132 | 0 |
| Aug. 24 & 25 | 115 | 0 |
| Aug. 31 & Sept. 1 | TBD | TBD |

The results of these tests is good news. Our dedicated caregiving staff remain vigilant in our infection prevention measures and continue to adhere to the guidelines of the Minnesota Department of Health to protect residents.

We will continue to be transparent regarding any updates or changes. Please do not hesitate to contact us with any questions or concerns you may have. The latest family communications regarding COVID-19 may also be found at threelinks.org.

Sincerely,

Mark Anderson, CEO
