RE: COVID-19 Case Update / Current Positive Cases at Care Center: 0 residents / 0 employees

Dear Residents, Family, Friends and Employees of Three Links,

Our priority as COVID-19 continues to spread in Minnesota is to keep everyone who lives and works at Three Links Care Center safe, healthy and informed.

Care Center COVID-19 Positive Cases

We are pleased to announce that as of today, the total current COVID-19 case count at the Care Center is zero residents and zero employees based on the definition of an active case.

Precautionary Measures

- We are working with a case manager at the Minnesota Department of Health (MDH) and continue to follow the core principles for the prevention of the spread COVID-19.
- All residents and staff are being tested for COVID-19 frequently. All Care Center employees are to be tested again on Friday, September 17 from 8 a.m. to 3:45 p.m.
- Per MDH guidance, indoor visits within the Care Center will continue to be suspended at this time until meeting the criteria for reopening to visits. Compassionate exception visits are allowed at this time. Virtual visits may be arranged through Life Enrichment.
- Contact tracing and subsequent isolation protocols are ongoing.
- New admissions are limited at this time.

Thank you for your patience as we continue to adapt to the changing situations that this pandemic presents.

We will continue to be transparent regarding any updates or changes. Please see threelinks.org for the latest family communications regarding COVID-19 or contact Social Services at the Care Center with any concerns you may have by calling 507-664-8800 or 507-664-8821.

Sincerely,

A handwritten signature in cursive script that reads "Mark Anderson".

Mark Anderson, Chief Executive Officer
